A DAILY THOUGHT.

"The nobleness of a life"

THE SUN AND THE CHAT.

An evidence of the merit of a newspaper is the patronage—the popularity it enjoys. When a paper gets so that with no soliciting to amount to anything its subscription list shows a steady and permanent increase it feels assured that it has the elements that go to make the popular newspaper.

Such is the case of The Sun. Its subscription list has been showing a remarkable increase the past few weeks especially, and has attained to splendid proportions. It is gratifying to see that the people appreciate the efforts to give Paducah a good local paper. The Sun has made some very substantial improvements in its plant in the past year and has orders out now for additional machinery which when installed, will give the office a well appointed plant in every particular, and equip it to give the Sun and Chat readers still better papers.

The friends of the papers can rest assured that the managements will strive, always, to serve their best interests and to give them a newspaper thoroughly in keeping with the city and this progressive age.

A new style of street that is said to be very successful, and is being tried with satisfaction in many places, is used extensively in Canada. It has been used in Hamilton, Ontario, for eight years, and is called tarred macadam. The broken rock is thoroughly saturated with tar, to layers with gravel between and spread, each thoroughly rolled with a twelve to sixteen ton roller and finished with a dressing of screenings. The cost of this road in Hamilton has been from 60 to 80 cents per square yard, including the foundation. The addition of tar renders the roadway impervious to water, frost proof in winter and prevents mud and dust in summer. One block of tarred macadam laid more than a year ago on a business street where there is heavy teaming, shows no perceptible wear today. In residential streets in Hamilton these pavements have been in use eight years without any repair and are still in good condition. It might be well for the city council of Paducah to give the city council of Paducah to give the street a trial. It certainly couldn't make a worse street than we now have.

The residents of a city have as much right to protection from reckless drivers and bicycle riders as from thieves, vagrants, murderers or any other class of offenders. Not that there is any similarity between the two classes, but simply that a citizen has as much right to walk in safety across the streets in the daily transaction of his business without being run down and badly injured, if not killed, as he has to be protected from a man who takes his property or attempts to take his life. Citizens often take their lives into their hands when they attempt to cross Broadway and other thoroughfares in the business part of town infested with "scorchers" and reckless drivers. It ought to be made a misdemeanor to ride bicycles at excessive speed, as it is to run street cars or drive horses at excessive speed.

The city is being cleaned up for the carnival, and every person should decorate in order to make as good showing as possible. Many people will be in Paducah who were never here before, and it is desired to make a good impression so they will come again. Decorations will amply justify the small outlay required.

Some of the Democratic papers have begun the old story that the "Republicans have given up all hope of having a majority in the next legislature." Just why the Democratic

press expects its readers to believe such tommyrot is a mystery unless it gives them credit for having very little intelligence. The Republicans never give up as long as there is hope. The prospects are now quite good for having a majority in the next legislature, and consequently with the election six months off they haven't the slightest intention of losing hope. Their chances are as good as they ever were, if not better, and when the ballots are counted next November it will be seen that the Republican vote is the largest ever polled in Kentucky.

The semi-annual tumor of the consolidation of the Postal and Western Union Telegraph companies is going the rounds. The Postal has already found it necessary to deny it several times in the past, and another official announcement may be expected as a result of the present report.

After carefully reading the touching panegyrics in "poetry" and prose on the two gentlemen who aspire to the Democratic mayoralty nomination, it is hard to imagine how we can do without either one of them.

The general public will second the motion to clean out the gang at the Hopkinsville asylum. They may all be spotted, but it will be better for the institution to have a new administration.

It has been demonstrated in Paducah within the past few weeks that the best way to infuse activity in some of the police officers is to have a primary election.

It is hoped that the defeat of about twenty-five or thirty candidates tomorrow will not keep them from enjoying the carnival next week.

A little bit of everything seems to have gone on in the Hopkinsville asylum.

Begin your decorations for the carnival at once.

NEW CONCERN.

THE S. H. WINSTEAD MEDICINE COMPANY ORGANIZED TO MARKET A NEW REMEDY.

Paducah has added another concern to its ever growing list of splendid firms, and this time, too, it is one that is destined to advertise the town throughout the country. The name of the company is the S. H. Winstead Medicine Co., and its business is the manufacturing and marketing of some of Dr. S. H. Winstead's well known medicines. The leader of the concern is a new remedy that is conceded, by people who are in the position to know, to be the best remedy of the sort ever discovered. It is a Laxative Phosphate, called Lax-Fos, and is especially recommended for stomachic troubles, chronic constipation, malaria, chills and fevers and all kindred diseases. The remedy is the result of a good deal of time and money expended by Dr. Winstead in experiments, and is undoubtedly about as near a sure cure as can be found for these diseases.

The medicine has never been advertised, except the little that Mr. Winstead and his friends have given it, but the sales on it have assumed remarkable proportions resulting in the above named company being organized with ample funds to push the sale and manufacture of it.

Mr. Winstead says he does not expect to "set the woods afire," but that he expects in a few months to be doing a business that will be surprising in the volume done.

"TAFKY VERSUS EPITAFKY."

This, Thursday, evening at 8 o'clock at the First Cumberland Presbyterian church, The Rev. Dr. Sears, former pastor of the First Cumberland Presbyterian church at Jackson, Tenn., will deliver a humorous lecture in the lecture room of the First Cumberland Presbyterian church. Subject, "Taffy versus Epitaffy." Dr. Sears is a lecturer of wide reputation and a large audience is expected. The lecture will be absolutely free.

\$100 REWARD, \$100.

The readers of this paper will be pleased to learn that there is at least one dependable disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. HOPKINSVILLE MARKET.

The Hopkinsville tobacco market shows a perceptible decrease last month as compared with the same month last year. Last month's receipts were 2245 against 3170 in April last year; receipts for year, 5350 as compared with 8050 last year. Sales, for month, 1403 against 2036 for April last year. Sales for year, 2245, against 3762 last year.

CLARKSVILLE MARKET.

M. H. Clark and Bro., write as follows concerning the Clarksville tobacco market.

"Our receipts in April were 3503 hhd's, sales 1738, shipments, 1641; total stocks May 1, 8287; buyers stocks, 2196; sellers' stocks 6091. Our receipts this week were 957 hhd's; offering on the breaks were 762; sales 660. The unsold stocks being large warehousemen are now moving up larger breaks."

DROPPED DEAD.

DEMISE OF MR. JOHN BAUER WAS VERY SUDDEN AT LOUISVILLE.

Yesterday's Louisville Times says of the death of Mr. John Bauer, brother of Mr. J. Andy Bauer, of the city:

"John Bauer, proprietor of the Preston-street pottery and a well known and wealthy citizen of the East End, dropped dead at his home at 7:30 o'clock this morning. Coroner McCullough was summoned, and pronounced death due to paralysis of the heart."

"At 7 o'clock this morning Bauer left his home, at 3211 Floyd street, seemingly in the best of health. Arriving at his office, he was engaged in talking business with his brother, Adam Bauer, when he was seen to suddenly stagger and fall. A physician was hastily summoned but arrived too late. Death was almost instantaneous."

"Bauer was 48 years of age. His wife, who was Miss Susie Shay, of Jeffersonville, and six children survive."

"Twenty-one years ago he came to this city from Port Fulton, near Jeffersonville, and engaged in the pottery business at Preston and Woodbine streets. He was a son of Andrew Bauer, an old citizen of Port Fulton, who died several years ago. During his business career he accumulated a fortune of about \$75,000. His brother, Andrew Bauer, who is in the pottery business at Paducah, is also quite wealthy."

TOMORROW'S PRIMARY.

BIG MONEY BET ON THE RESULT OF THE MAYOR'S RACE.

The Names of the Candidates Who Are to Be Voted on For the Nominations.

Tomorrow the Democratic city primary will be held, and there is a great deal of interest being taken in the result. The race for the mayoralty nomination seems to be the most exciting, and large sums of money will change hands as a result. There is also a great deal of interest in the marshal's and the city prosecuting attorney's race, but very little in those for council and school trustee.

The primary ought to be lively enough, as the friends of all candidates will do their utmost to win. The various candidates are:

Observation taken at 7 a. m. River 30.3 on the gauge, a fall of 2.9 in last 24 hours. Wind northwest, a light breeze. Weather, cloudy and cooler. Rainfall in last 24 hours, 0.13 inches. Temperature 60. Poll. Observer.

The Sunshine is the first through boat for Memphis. It is due here tomorrow night.

The Emma Cooper leaves today for Tennessee river.

Now the Ohio politicians are after the scalp of Supervising Inspector Major Crumbaugh and are hot on his trail. They claim he is not entitled to the position on the grounds that he is not only incompetent, but he is not a resident of the district over which he has control.

The Louisville Times of yesterday says: "It will not be many days now before Captain Ed Howard will 'cut the strings' that hold the new Gold-dust on the ways and let her dive into the Ohio. She is being built for the Louisville and Evansville Mail Company for the Evansville, Owensboro and Rockport trade."

A civil service inspector is expected to leave Washington for Louisville this week to investigate the charges against John H. Casey and Thomas E. Ditto, members of the board of examiners in the engineer service.

The City of Pittsburgh is due this afternoon from Memphis for Cincinnati.

The City of Memphis, from St. Louis, will arrive tomorrow morning on her way to Riverport, Ala. She has a big freight trip and twenty-five or thirty round trip passengers.

The City of Goldconda departed at noon today with a good trip. During carnival week she will run through to Elizabethtown.

The Tennessee is due tonight from Tennessee river.

The John S. Hopkins, from Evansville, arrived and departed on return trip this morning, doing good business in and out.

The New South, from New Orleans, arrived last night at 11 o'clock and departed for Cincinnati at midnight. She had a big trip.

The gauge marked 30.3 and falling this morning. The rivers will make a rapid tumble here for the next few days. Weather cloudy and threatening rain; business fairly good.

The Clyde did not get off until 8:30 last night. She had a big trip for Tennessee river.

The water only reaches the boiler deck guards of the Cummings which sunk some two or three weeks since. John Patrick, the diver, is in readiness to go to her with his diving apparatus as soon as called by Captain Koger, who is now with the boat.

The Woolfolk left for Cairo on time this morning with a very good trip in freight and passengers.

It has been decided that the barges of coal sunk near Henderson cannot be raised. Captain B. T. Jones, of the coal combine, visited Henderson and decided that barges of coal sunk in fifty feet of water go to pieces.

The Woolfolk broke her cam bracket before leaving this morning for Cairo and was detained until 9:30.

THE WEATHER.

The temperature went to 54 again last night, and this morning it has been quite chilly. The rainfall was 0.15 of an inch.

ONLY TWO DRUNKS.

There were but two cases in the police court this morning. J. H. Best and John Vanantrop were fined one dollar with the trimmings for their indiscretions, and the former went to the lockup in default of liquidation.

LICENSED TO MARRY.

Marriage licenses were issued to Mr. Joe Rhinehart, aged 38, and Miss Mary Cathrine Wright, aged 21, both of the city.
